

ACCESSORY DWELLING UNITS FOCUS GROUP

STUDY (ADU) CHALLENGES AMONGST BIPOC GROUPS

We would like to formally invite you to participate in a virtual 90-minute focus group on Zoom, in partnership with the Turner Center at UC Berkeley. The Turner Center wants to hear from you about your motivation for wanting to build an ADU, and what challenges you have faced, or expect to face, throughout the permitting and construction process. This is not an informational webinar - it is an opportunity for you to communicate your own experiences and thoughts. You would be expected to have your microphone (and hopefully also your camera) on for the full 90 minutes, and your participation would be compensated with a \$50 gift card.

MARCH 7TH
